The **Endowment for History Education** was established in 2004, which provided funding for OHC to hire its first Museum Education and Tour Manager (METM) in 2007. The METM develops, strengthens, and enhances educational in-person experiences and outreach programs. Since 2007, the METM has improved and expanded the Heritage Center's tour and history walk program and recruited and trained student volunteers and interns. This position has been previously held by OHC's Executive Director Liz Schultz, the 2026 Annual Meeting program presenter Stephanie Bohnak, and is currently staffed by Amanda Manahan, who will be celebrating her 10th Anniversary with OHC in the fall.
